### **ESTELLA LUXURY SUITES IN TURIN**

This redevelopment project by the Italia and Partners architectural studio has transformed the spaces of the old disused offices in the heart of Turin into an exclusive B&B where every detail counts, welcoming tourists and business travellers and putting them at their ease. Five totally soundproofed suites in colours ranging from dove grey to blue, petrol green and bordeaux, enhanced by brass and velvet that stand out among the sand colours chosen as the base.
